Report from VP Member Services

News from the SWDSI 2014 VP of Member Services,
Dr. Matt Lindsey, Stephen F. Austin State University

Trends in membership for SWDSI continue to be strong in 2014 largely due to increases in student memberships. Historically, you can see in the chart below, that membership is strong when our conference is in Houston. Please do what you can to help to continue this trend. Inviting a student member or a colleague to Houston will help to insure that our small annual increases in membership continue into 2015.

Do not forget, that you can maintain a current membership by paying a \$10 SWDSI membership fee at www.swdsi.org even if you are not able to attend the annual conference. It is quick and easy to pay online using a credit card or PayPal. As a reminder, dues paid members also have access to the Members Only site to obtain contact information for fellow members and archival material.

If your school does not have a campus representative for Southwest Decision Sciences, please consider volunteering for this position. Campus representatives are asked to promote the call for papers and attendance at the annual conference. Please contact me at lindseymd@sfasu.edu if you would like to be a representative for your campus.

SWDSI 2015 Annual Meeting Update

News from the SWDSI 2015 Program Chair,
Dr. Hong Qin, University of Texas – Pan American

To date we have received more than 190 submissions to SWDSI 2015 in Houston, TX. Thanks so much for the hard work from all track chairs and board members! This year, we removed several tracks with low submissions and added five new tracks including “Big Data”, “Globalization”, “Project Management”, “Social Media” and “Social Networking”. The tracks that reached the top six numbers on submissions are “Management Information Systems”, “Operations and Supply Chain Management”, “Student Track”, “Innovative Education”, “Management and Organizational Behavior”, and “Finance”. Moreover, papers were submitted globally with more than 250 authors from 13 countries. In addition, we will also have approximately eight panels and workshops. Thank you all for your support and service in helping to make the SWDSI 2015 conference a success! I look forward to meeting you all in Houston in March.

Contribute to the NEXT SWDSI Newsletter

While this newsletter has mainly been a communication platform for the President and other officers to make announcement or reports, I encourage all of you to consider making a submission of your own. It could be a mention of yourself or a colleague regarding any awards or exciting news that you may want to share. You can also consider writing a letter to the President regarding any issue that you think SWDSI should address. I want this newsletter to be an open forum for communication, not just from the executive council to the members, but rather a free flow of information. I hope you have enjoyed this issue.
