For more information, refer to the conference website: <http://swdsi.org/swdsi2026/Default.asp>

Competitive Papers. We invite full-length competitive papers on, but not limited to, the topic areas listed below. All submitted papers will be reviewed by qualified individuals through a double-blind peer-review process. Additionally, we welcome submissions of up to one-page, single-spaced research abstracts (150-300 words). Acceptance of papers and abstracts is subject to final approval by the Track Chairs/Program Chair. Accepted papers and abstracts from authors who register for the conference by the close of online registration will be scheduled for presentation at the annual meeting. Presented papers and abstracts will be published in the Proceedings (available only on the SWDSI website). Submitting a paper acknowledges that the author(s) will register for and attend the conference and personally present the accepted paper at the time specified in the conference program.

Submission Policy. By submitting a paper or abstract, the author certifies that it is not copyrighted, has not been accepted for publication in any journal or proceedings, has not been presented at any other professional meeting, has not been accepted for presentation at any other professional meeting, and is not under review for a journal, proceedings, or presentation at another professional meeting. Concurrent submission and/or presentation of the same or similar paper at another conference is regarded as a breach of professional ethics. DSI has a code of ethical conduct available at <https://decisionssciences.org/discover-dsi/governance/code-of-conduct/>.

Program Participation. Paper reviewers and session chairs are needed for the program to succeed. Please get in touch with the Program Chair or a Track Chair by October 1st, 2025, if you are interested in serving as session chair or reviewer. Authors who submit papers should expect to be asked to review at least one paper for the conference. Symposia, tutorials, and workshops on current topics are invited. Please get in touch with the Program Chair concerning these proposals.

Distinguished Paper Awards. Distinguished paper awards will be presented to outstanding papers.

Student Papers and Consortium. Up to three cash awards for student papers will be presented. Papers submitted in the student track must be solely of student authorship. Watch the SWDSI website for information about the Doctoral Student Consortium.

Special Sessions. Proposals for pre-conference workshops on topics such as business analytics and big data, using Teradata, SAP, Tableau, etc., or panel discussions on business intelligence, big data, internet of things, classroom technology, etc. are invited. Please get in touch with the Program Chair concerning these proposals.
